GENERAL SCHOOL TERMS AND CONDITIONS

Admission and Application

Admission

Student admission is based on previous school records and evaluation and, where necessary, an entrance test in English and/or mathematics. No prior knowledge of English is required for primary school (Kindergarten to Grade 5) but there is a minimum requirement for secondary school (Grade 6 upwards).

The **school provides support for students who need supplementary English lessons (ESOL)** from Grades 2-10 and in this case they are:

- compulsory until the required level of English has been attained
- at an extra cost as determined by the School Board (see the school fees table below).

The **school also provides specialist support (SEN)** for students with Special Educational Needs. This is at an extra cost which varies according to the nature and length of the support (see the school fees table below).

School financial conditions

Financial agreement

The **financial agreement, attached to the school invoice**, must be signed and returned **upon receipt** in order to enrol or renew any enrolment.

If the school does not receive the signed financial agreement, any invoice not paid within one month of its issue will be considered overdue. In compliance with 'article L 441-6' of the French Commercial Code, recently amended by the Modernization of the Economy Act (Loi de Modernisation de l'Économie 'LME' dated August 4th, 2008) interest will be charged monthly at the rate of 3.13% to the overdue balance.

For parents enrolling during the school year, it is mandatory to provide the school with the financial agreement **before** a child starts school. **Students may not start school without this document having been signed and handed in to the office.**

Payment plan

Fees are usually due in full before August 31st (provided the school has received the signed financial agreement attached to your tuition fee invoice).

Private payers may, however, pay their fees in three or ten instalments by standing order only, provided they have signed and returned the school financial agreement upon receipt of the invoice.

Payments for the academic year 2022-2023 will run from **June 2022 to March 2023**.

Parents enrolling after June 2022 will have their fees divided by the number of months remaining before March 2023, except for enrollment after the winter break in which case fees must be paid in one payment only.

Payment methods

Payment may be made by **credit card**, **cheque** drawn on a local/foreign bank or by **bank transfer** (the school bank details are on page 2 and on our invoices). Please note that any transfer charges will be added to the school fees.

Late enrolment

Students enrolling after December 31st will be charged 65% of the annual fee.

Receipts

The International School of Lyon will issue a receipt of payment only if the **EMPLOYER'S COMMITMENT FORM** has been duly signed and completed by the company of **at least one of the student's parents**.

Refund on withdrawal

Students, either Private Payer or Company Sponsored, withdrawing from the school before December 31st, will be refunded 35% of the tuition fees, provided the Director has been notified in writing by the legal guardian by December 1st. After December 31st, no refund will be given for the remaining tuition.

No refund is given if a student is expelled.

Billing

The school issues only one invoice per family. For each additional invoice, a 50 € fee will be charged.

Late payment

If the school does not receive the signed financial agreement, any invoice not paid within one month of its issue will be considered overdue. In compliance with the 'article L 441-6' of the French Commercial Code, recently amended by the Modernization of the Economy Act (Loi de Modernisation de l'Économie 'LME' dated August 4th, 2008) interest will be charged monthly at the rate of 3.13% to the overdue balance. A **50 € fee** will be charged for any late or unpaid instalment, whatever the reason.

Non-Payment

The International School of Lyon reserves the right to use a lawyer or any other legal means to collect outstanding debts after one reminder. If tuition fees remain unpaid, the International School of Lyon reserves the right:

- to refuse access to the school to any student whose account shows an outstanding negative balance, within the agreed timeframe,
- not to issue school reports, leaving certificates or diplomas,
- not to enrol the student for the following school year,
- not to enrol students for an exam session,
